

Silver Spoon Bowmen of Spalding

Summer Shooting Programme 2012

Last year people seemed to enjoy having an aim (excuse the pun) to their shooting. So, following on from last year, I have put together a programme that caters for this but also allows time for coaching and free shooting. These shoot results will be used for the award of the Terry Hughes Summer Trophy.

252 Awards

This is 3 dozen arrows shot on a 122cm face at a distance chosen by you resulting in the award of various coloured badges. Although I have put down Thursday nights for this, it can be shot at anytime during the summer. There will be scoresheets in a folder in the shed but if you see they are getting low please let me know. Don't take the last couple and keep quiet.

May - Metric 50m or 30m

This is 3 dozen arrows shot at either 50m or 30m (choice is yours) on an 80cm face (Frostbite).

June - Warwicks

This is 4 dozen arrows shot on a 122cm face at two separate distances (eg 60/50), again chosen by you. You do not have to shoot full distances, shoot the ones you are comfortable with.

July - Nationals

This is 6 dozen arrows (4doz then 2doz) shot on a 122cm face at two separate distances (eg 60/50), again chosen by you. You do not have to shoot full distances, shoot the ones you are comfortable with.

August - Metric 90m, 70m, 50m or 30m

This is 3 dozen arrows shot at the distance of your choice. 30m and 50m will be shot on an 80cm face and 70m and 90m will be shot on a 122cm face.

For those who do not shoot external competitions, handicaps will be calculated from the above monthly shoots and used to provide final handicaps for the Richard Gherardi shoot which will take place in the Autumn.

We need to be prompt and start on time if we are to get done so please turn up at 6.30pm and help set up the field. If you can let me know if you are coming and what you want to shoot, it would again save time on the night.

These are intended to be fun, so don't be afraid to enter.
